*“Phil Hedgspeth is an extremely passionate speaker that brings a fresh, inspirational quality to the subjects he presents! His presentations were very engaging and challenging, capturing the attention of everyone! *“Wanted to let you know the speaker from Help Net was amazing! This impacted me not only on a professional level but also on a personal level! I talked to some of my staff this morning and they are still talking about the power of his message yesterday! Even the one staff member who complained about having to attend stated it was a great experience!”*
